

APCS Principles Explore Check Off List

1. Go to the Samples page on the College Board website. Find an example of a student that got a zero on row one. Below, list the example source (i.e. Sample 2018 E row 2) and explain why the student failed to earn this point.

Row	Source	Reason the student failed to earn a point
1	Sample 2018 E	The artifact does not describe the function, purpose, or effect of the innovation.
2	Sample 2018 J	The device described is not a computing innovation.
3	Sample 2018 H	The student merely lists features of the iPhone X, they do not describe its effects.
4	Sample 2018 F	The response does not list both a positive and negative effect, it just has the beneficial one.
5	Sample 2018 C	The response fails to identify a real effect on society. It only says the app is beneficial for those who use Apple Pay.
6	2018 Sample D	The response does not identify the type of data consumed or outputted, it only lists how the data is consumed by collection devices.
7	2018 Sample G	The response does not identify any data concern.
8	2018 Sample G	There are no in-text citations

2. Have a student in this class grade your assignment.

Grader: Natalie Hallmann

Row	Grade	Reason
1	1	
2	1	
3	1	
4	1	

5	1	
6	1	
7	1	
8	1	

Grader: Elena Campell

Row	Grade	Reason
1	1	
2	1	
3	1	
4	1	
5	1	
6	1	
7	1	
8	1
